HANDLES AND COVERS

Stylish Simplicity In A Snap!

Differentiate Your Windows With Style—

Now Available In Recessed Full-Flip Handle and Snap-Fit Cover Designs.

Encore® Series Nesting Operator Covers Offer A Smooth Contemporary Look

Truth's new "nesting" cover for the Encore Series of operators provides options to an already stylish design. Encore operators give you all the strength and performance characteristics you need in an operator with the flexibility of handle and cover options.

Full-Flip Handle

The Full-Flip Handle design eliminates collapse during operation and Encore® Operators require 33% less effort to operate than previous operators. The handle provides smooth operation with a more contemporary look when nested and allows for easy screen removal without removing the crank.

Snap-Fit Cover

The Snap-Fit cover removes easily for painting and staining of the window frame and provides a smooth, contemporary look for your windows. Integrated snap feature allows fastenerless cover attachment and installation after home is completed, helping to eliminate construction damage.

In addition, the Full-Flip Handle and Snap-Fit Covers provide an opportunity for you to reduce your inventory of optional operator colors as the hardware's appearance can be changed by simply adding a different handle and cover option. The Encore Series Nesting Handles and Covers are available in all of Truth's finish options as well as many popular decorative finishes.

For more information about Encore®, Maxim® and EntryGard® Series cover and handle options contact your Truth representative.
